

Middle Level Individual Awards

Any student council member who has earned the necessary points may apply for an individual award.

Rising Star Award

A student must accumulate at least **45** points by the state convention of his/her eighth grade year to earn this award. Points earned through the eighth grade year may not be carried over to the freshman year. Points earned during the summer prior to the freshman year will accumulate toward high school awards.

Shining Star Award

Earning the Middle Level Rising Star Award is a pre-requisite to working on the Shining Star Award. Once a student has earned enough points to be awarded the Rising Star Award, his/her point count starts over. For example, if a student accumulates 45 points toward the Rising Star by December, he/she will receive the Rising Star Award in the spring. Any additional points earned **after** the 45 points toward the Rising Star Award is accumulated will count toward the **50 additional** points needed to be eligible for the Shining Star Award. Points earned through the eighth grade year may not be carried over to the freshman year. Points earned during the summer prior to the freshman year will accumulate toward high school awards.

Senior Level Individual Awards

All-Star Award

A student must accumulate **60** points beginning in the summer prior to his/her freshman year.

Impact Award

Earning the Senior Level All-Star Award is a prerequisite to working on the Impact Award. Once a student has earned enough points to be awarded the All-Star Award, his/her point count starts over. For example, if a student accumulates 60 points toward the All-Star Award by December of his/her sophomore year, he/she will receive the All-Star Award in the spring. Any additional points earned **after** the 60 points toward the All-Star Award is accumulated will count toward the **70 additional** points needed to be eligible for the Impact Award.

Legacy Award

Earning the Senior Level All-Star Award and the Impact Award are prerequisites for earning the Legacy Award. Once the points for All-Star and Impact Awards have been earned, a student may begin counting points toward the **80 additional** points necessary to be eligible for the Legacy Award.

Individual Council Awards

In addition to the individual awards that students may earn by accumulation of points, TASC will recognize individuals at TASC's annual state convention who are selected by their councils to receive the awards explained below:

Member of the Year Award

Each council may select a Member of the Year. This council member should be the person who gives the most to the school, area, and state student council organization. This should be the person who always gets the job done. It may be awarded by council vote or at the discretion of the advisor.

Above and Beyond Award

Each council may select the member who goes the extra mile to ensure the success of each project or event even when it is not his/her responsibility. This individual is able to see the big picture and is primarily concerned with the good of the organization. It may be awarded by council vote or at the discretion of the advisor.
